FACULTY

Our principal has arrived! He was conceived in the minds of the Board of Directors and delivered to our School by the compelling hands of need. Already he has proven to be a healthy specimen with the vitality and wisdom which he needs to guide him in his many tasks. He fitted into his role of friend, confidant, and leader with exceptional ease.

1. MR. JERRY GRAVES: Principal
2. MRS. JANICE VESTAL: Secretary

This book is the result of many hours of work. It reflects in detail the activities of the 1972-73 school year. I believe in later years you will remember these days at Clarksburg School as among your very best.

To those who have worked so faithfully, congratulations on a job well done.

To the 1973 Senior Class, I have enjoyed working with you and wish you well in the future. I hope that you will not only remember me as your administrator but as a friend.

Everywhere there are faces. Some happy, some solemn with thought, but always they are there. Faces are sometimes mirrors which reflect what we see and sometimes windows that let others see in. Will we ever know the meaning of faces and understand the stories they tell?

EMPTY HALLS

Every day we walk through the same doors, sit in the same chairs, and lean against the same lockers. During the year our path never changes, only our direction and destination.

As one of a crowd or one of a pair, we take our place in the rank and file of humanity. We stand among many as an individual ... unique, rare, and beautiful.

Finally, out of the masses steps an individual. An individual, equipped with the reasoning and the sensitivity of a powerful species that must learn to cope with the masses out of which he rises.

Each feels that if every day is well lived, it will make every yesterday a dream of happiness and every tomorrow a vision of hope.
